

Music Director

The Episcopal Church of the Good Shepherd seeks an innovative and energetic half-time Music Director. Previous experience as a church musician is not required, but a willingness to learn the basic traditions and norms of the Episcopal church service is necessary. Episcopal Church of the Good Shepherd is looking for a candidate with excellent piano skills and at least some experience playing the organ.

As the church both manages and emerges from COVID, we especially seek someone who can work with the priest in charge to continue the creative musical offerings of the Sunday service and imagine new possibilities. Candidates with a love of jazz and gospel and an interest in creativity and innovation are especially invited to apply.
